PRICE LIST

No. 38

MARSHALLS
NURSERIES

Established 1887

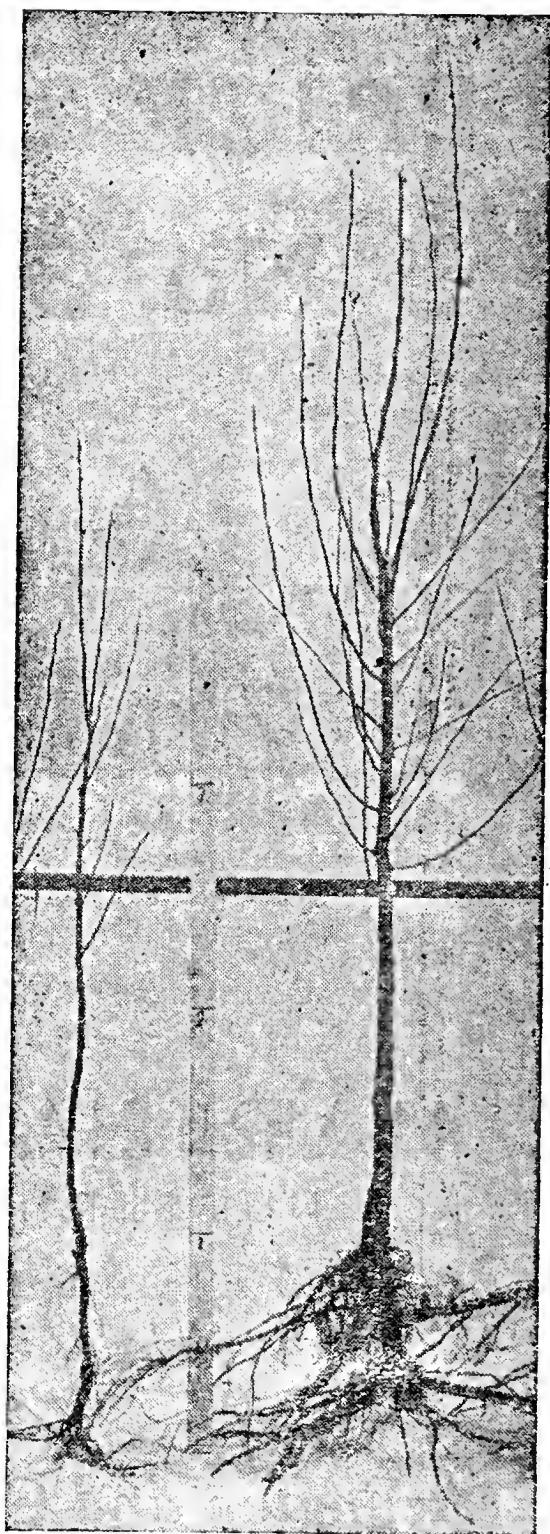

*Arlington and Omaha,
Nebraska*

BETTER BUILT TREES

This list does not contain the lighter grades of nursery stock as offered by most mail-order concerns.

It lists only heavy, properly headed, well balanced and well rooted stock — the kind that is sturdy, will grow readily and requires the minimum of shaping and training.

We like to have customers visit our nurseries to see the pride we take in raising trees and plants. No expense or time is spared to produce the best and we invite comparison.

Photograph of mail-order 3-4 feet apple tree and our specimen grade (5-6 feet). The small tree weighs 6 ounces and the specimen tree 40 ounces. Notice the specimen tree is six and two-thirds times the size of the small tree. The value is proportionate. It takes more than height to indicate the value. The home planter wants a strong tree with head formed.

This List Cancels All Previous Quotations.

These prices are for nursery stock to be delivered Spring of 1938 and are subject to change without notice.

These prices are on the basis of "cash on delivery" or for "cash with order".

NOTICE TO CUSTOMERS

All correspondence from customers in Council Bluffs, Omaha and vicinity should be directed to our Omaha store at 84th street and Center Street road, Omaha.

All customers not living in this metropolitan area please correspond with our office at Arlington, Nebr.

BOOK ORDERS EARLY

No nurseryman can carry a complete stock of everything all through the entire season. It is best to order several months ahead of planting time. Early orders receive complete protection on varieties and are always filled with best grades. Book your orders early and avoid loss and disappointment.

TERMS OF PAYMENT—CASH ON DELIVERY

Transportation charges are paid if shipped in a regular delivery. Single shipments over \$10.00 in Nebraska and Iowa. On orders of \$20.00 or more in other states.

ENTOMOLOGIST CERTIFICATE

We have the state inspector's certificate showing our stocks to be free from San Jose scale and other plant diseases or dangerous insects and attach facsimile copy to each shipment.

GUARANTEE OF GENUINENESS

If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

FRUIT TREES

Grades

The Specimen Grade is a large and well balanced tree selected by us for customers demanding the largest three year old trees obtainable. This grade should not be generally quoted. Most of our sales will be the Standard Grade.

The Standard Grade is 4½ to 6 feet in height, depending upon the variety and season. A first class tree with heavy body, good head and plenty of roots.

The Commercial Grade is a limbed tree three to four feet in height.

STUBBED TREES

In order to obtain Stub Trees, order a tree one-half higher than the height of Stub desired and cut it off yourself.

For example, for a 4 foot stub, you should order a 6 foot tree and cut off approximately one-third of the tree. Of course a Stub Tree is expected to be kept at approximately the same height by trimming once a year.

We cannot quote on finished Stub Trees, and to fill orders calling for same, it will be necessary for us to cut trees off to make them.

ORNAMENTAL SHRUBS—(Div. a)

Our shrubs are all strong well-limbed plants grown two and three years in wide and open nursery rows after the one year they were in the propagation bed.

Standard Grade is a large shrub from the 2-year old block.

Specimen Grade is correspondingly larger out of the 3-year-old-block, ordinarily considered our best grade.

Landscape Grade is a special pack, selected and reserved for those that want the best plants available for quick effect for a landscape planting. The landscape grade runs in price from \$1.00 to \$2.00 each with some real large shrubs higher, to be sold only on special inquiries or by landscape men acquainted and informed as to available stock.
